Upcoming Lectures

November - The American Veteran

December - The Legend of Santa

UFOs – Has earth been visited by intelligent life?

Unidentified Flying Objects - Since the dawn of mankind, humans have looked to the skies to explain our existence. Who really built the Pyramids? What about all the UFO's seen by respected people? Even the Air Force examined sightings in Project Blue Book. Isn't the Roswell, New Mexico incident proof? A look at the evidence leads us to our own conclusions. You decide.

About the Presenter: Rick Deutsch is an accomplished and professional speaker. He holds a degree in Aerospace Engineering, an MS and an MBA. After serving in the US Air Force, he worked in Silicon Valley for defense contractors, Intel Corp and Sun Microsystems in marketing positions. Rick is an adventurer. He is also a histophile – a lover of history and gives speeches the “average” audience enjoys: the Great Wall of China, Aviation, the Renaissance, Napoleon, Genghis Kahn, the Titanic, and even UFOs. The list includes 70+ image based talks. No “death by PowerPoint” here!

FEATHERS, BEAKS, HOPS & TWEETS

ALL ABOUT THE BIRDS
OF THE BAY AREA

MONDAY
11/11
11AM

All About the Birds of the Bay Area will give an introduction to the many kinds of birds that you will find in different ecosystems of the Bay Area, such as the suburbs, The Bay, and the Redwood Forests. This talk will give an overview of how these birds interact with their environment, and might even make you better at spotting these creatures yourself! **Q&A to Follow**

Meet the Speaker:

Gale is a 12 year old, and a 7th grader at Tessellations School. Her passion for birds started during the Covid-19 pandemic, when she met a friend who taught her to notice the little feathery creatures hopping around her very own yard. She then became very interested in birds - not just memorizing new kinds of birds, but also observing their behavior and interaction with the environment.

Assembly:

- Heat ghee or EVOO in medium large stock pot, add chopped leeks to pan and sauté for approximately 5 minutes on medium low heat until tender and translucent. Add in garlic and sauté for additional 1 minute, stir in broccoli, potato, broth, and salt; increase heat to medium high, bring to a boil reduce heat to a simmer, cook for approximately 10 minutes or until broccoli and potato is tender. Reduce heat to low add in lemon zest, lemon juice, and champagne vinegar stir to incorporate.
- While soup cooks assemble lemon cream, place ingredients in bowl or small blender and stir or blend on low, set aside.
- Once broccoli has reached desired doneness work in batches, ladle approximately 1/3 of the soup into a blender blend and transfer to clean pot, repeat until all soup is blended to desired consistence, or use immersion blender and puree soup in pot. Once soup has reached desired texture stir in 1/2 the lemon cream reserving the other half to be drizzled on soup when serving.

Health Notes:

Broccoli part of the famed cruciferous vegetable family. Broccoli is nutrient rich loaded with minerals and compounds associated with reduced inflammation, blood sugar management, improved immune function and heart health. Broccoli can be enjoyed raw or cooked. New studies are showing that consuming broccoli lightly steamed or cooked in soups helps release its beneficial properties making them easier for the body to digest, and absorb.
